## SYMPOSIUM ON PROBLEMS AND PROSPECTS OF THE PUNJABI YOUTH

Seated on the dais from L to R : Mrs. Surinder Grewal, Dr. Joginder Singh, Shri Surjit Singh Rakhra Sh. T.P.S. Sandhu, Dr. V.S. Soni & Prof. S.C. Sharma

Building strong character of the youth, understanding religion, cultivating discipline, diligence, respect for elders and generating employment opportunities for the youth, will go a long way in stemming the tide of unrest among the youth", said Mr. Tejinderpal Singh Sandhu, Chairman, Punjab Subordinate Services Selection Board, while speaking at a symposium on **Problems and Prospects of Punjabi Youth** held under the aegis of Old Students' Association of Govt. Mohindra College. Mr. Sandhu also announced a grant of Rs. 1 Lac out of the Jasdev Singh Sandhu Memorial Fund for the renovation of the dining hall of the college hostel.

Presiding over the symposium, Mr. Surjit Singh Rakhra, Syndic, Punjabi University, urged upon the teachers to create awareness among the youth about the changing socio-cultural and economic scenario of the world. He stressed the need for creating more opportunities of employment for the youth. He exhorted the youth to work with dedication like their counterparts abroad for building their careers. He also announced a grant of Rs. 1 Lac for the OSA.

In his welcome address, Dr. Vidwan Singh Soni, Principal of the College, stressed the need for harnessing the vital human resources of the country to ensure a bright future for the younger generation.

Initiating the symposium, Prof. S.C. Sharma underlined the need for releasing the creative potential of the youth by providing them fora for self-expression. The O.S.A., he said, would act as a bridge between the youth and the authorities for creating a healthy and meaningful interaction between them. The Punjabi youth are not 'useless', they are 'used less', he averred.

In his keynote address Prof. C.S. Virk, Head, Postgraduate Department of English of the College,

viewed the problem of the punjabi youth in the post-modern perspective which recognizes the identity of classes, sub-classes ad infinitum and thus demolishes the monolithic structure of society. He blamed the media, the new wave of information technology and the lack of role models in society and politics for the moral degradation of the younger generation. He strongly pleaded for the restoration of time-honoured values to save the youth from the morass of moral chaos.

Viewing the whole scenario in the economic perspective, Dr. R.S. Ghuman of Punjabi University pointed to the growing population, faulty models of development and the demonstration effect as the causes for the problems of the Punjabi Youth.

Prof. Indu Dogra of Govt. College for Girls, urged upon the government to create more opportunities for the youth and exhorted the younger generation to imbibe moral values from the rich cultural heritage of India.

A view of a section of the audience

Participating in the ensuing discussion, Dr. N.K. Dogra pointed to the lack of will and sincerity on the part of the leaders to solve the problems. Dr. Asa Singh stressed the need for controlling population which is the mother of all problems. Dr. B.S. Pannu pleaded for simplifying the procedure and format for applications for jobs and entrance tests in Punjab. Dr. Sangeeta Handa sought clarification regarding the peculiarity of the punjabi youth vis - a - vis the youth of India.
